British Sweeping Palestine—U. S. Consul Flees From Russia—Foch Success Conceded In Berlin—Late Wires

BERLIN ADMITS ALLIED SUCCESS

LONDON, Sept. 24.—The entente allied successes in France, Macedonia and Palestine have led the Cologne Gazette to anxious consideration regarding future military developments.

"We must do Foch the justice to say he is apparently beginning to obtain on a big scale that strategical unity he has already obtained on French soil," says this leading German newspaper, and it conceded that the prosecution from all sides of an offensive against the alliance of the central powers would be a master stroke. Having mentioned the superiority of the allies in men and material it continues:

"We have already pointed out the enviable secrecy observed in the manufacture of armored tanks and the training of their crews, which now number not thousands but tens of thousands. To these must be added the increase in the number of guns, mine throwers, flame projectors, machine guns, gas and fog ammunition and airplanes of all kinds. German industry is unable to accomplish this in similar quantities."

FRENCH AMBASSADOR LAUDS AMERICA

French Ambassador Jusserand told the U. S. Senate yesterday that in planning the war the Germans forgot one imponderable item—sentiment, the force behind the guns that will win the day for justice and liberty. They also, the Ambassador said, had concluded that when they struck, Belgium would be found benumbed with fright, France in decay, England in indifference and America in business.

"The answer," said M. Jusserand, "was Liege, Marne, Ypres and St. Mihiel."

"We are at one of the grandest periods in the history of the world," continued the Ambassador. "We see sights never to be seen again—not only scenes of horror, but scenes of splendor. To those latter scenes American contribution is one of which you and your descendents may well be proud forever. Seeking to use the terms of your President, no conquest, no dominion, no indemnities, no material compensation, acting as one of the champions of the rights of mankind, your nation has stood the severest tests and offered an admirable example."

BRITISH DRIVING TURKS LIKE SHEEP

In Palestine, Macedonia and France the entente allied offensives progress successfully.

General Allenby's forces in Palestine have followed up their rout of the Turkish forces with additional gains. In central Macedonia the allies are pressing vigorously the advantages won and the difficulties of the Germans and Bulgarians are increasing.

On the Mediterranean coast of Palestine British cavalry has occupied the ports of Haifa and Acre, marking an advance of more than sixty miles since the present operations began.

The rout of the Turks west of the Jordan has compelled the Turks east of the river to retreat. They are being pursued closely by allied forces.

U. S. COUNSUL LEAVES RUSSIA

WASHINGTON, Sept. 24.—United States Consul-General Poole has arrived at Helsingfors from Moscow and is due in Stockholm tomorrow.

News that the consul general had crossed the Finnish border in safety reached the State Department today in a message from Helsingfors dated September 21. Upon its receipt Secretary Lansing disclosed that a week ago he ordered Mr. Poole, the last American official remaining at the Bolsheviki capital, to leave Russia.

WILL SOON DRIVE HUNS FROM ST. QUENTIN

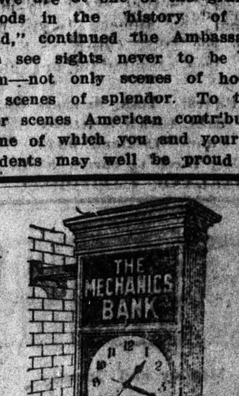

COPENHAGEN, Sept. 24.—General Ardenne, writing in the Berlin Tageblatt, states that the Germans probably will abandon St. Quentin soon.

LONDON, Sept. 24.—British forces are pressing in on St. Quentin directly from the west, today's report from Field Marshal Haig shows. He reports fighting taking place to the British advantage and announces progress by the attacking forces in the region east of Vermand.

IT'S GOOD PATRIOTISM TO SAVE

A successful nation is merely a nation composed of successful individuals. And the habit of saving is an essential element in individual success. Hence, our assertion that "It's good patriotism to save."

The man or woman who has a savings account has the satisfaction of knowing that he or she is one of the great army of war workers who can lend to the government, give to the cause of democratizing the world and bring to a quick end the persecuting rule of autocracy.

OAKLAND NOW HAS SERIOUS PROBLEM TO SOLVE AT ONCE

Contracts aggregating $200,000,000 for ships hang in the balance. The city of Oakland with her great shipyards and splendid harbor stands a good chance to lose her share of this vast sum, if not all of it, owing to the fact that she has no houses for her workers.

That a large proportion of this hugh sum will go to Seattle instead seems certain, according to those in position to know, for no other reason than that Seattle has taken up the housing problem in time and prepared for eventualities, while Oakland has done nothing in this line.

For five miles along San Pablo avenue, between Richmond and Oakland, there are hundreds of store buildings, two-thirds of which are idle and going to ruin. Oakland had better get busy turning them into lodging houses.

REDMEN TO VISIT PINOLE

The Richmond order of Redmen No. 183 held a meeting last night in Pythian Castle when important business matters were discussed. The lodge will go to Pinole this evening to attend a meeting of the Redmen Lodge at that place. The two lodges will put on the first degree for a large class of candidates. All members are requested to attend.

LABOR TO HONOR FOURTH LIBERTY LOAN

The Fourth Liberty Loan campaign which will start Saturday, September 28th, will be shown the Richmond spirit by having the united cohorts of industrialism marching to patriotic music and expressing by their presence the unwavering allegiance of all nations and trades to the purpose of the war. Chas. F. Donnelly will act as grand marshall.

The units of the parade will be made up of employes of each plant, who will march headed by the plant officials on foot. No automobiles will be in the parade. The formation will take place on streets running north and south from First street on both sides of Macdonald avenue. The parade will form at 7 o'clock Friday evening and move promptly at 7:15. After countermarching on the avenue it will end up at the Municipal band stand where speeches will be made.

Arrangements will be made for two or three overflow meetings to accomodate those who cannot get in enough to hear the speakers at the band stand. Several bands will be in the parade and these will be used to dispense music at the various points.

SOCIAL DANCE TONIGHT

Richmond order of Odd Fellows No. 149, will give a social and dance tonight at the Moose hall. The affair will be for the Odd Fellows, Rebekahs and their friends. A splendid program has been prepared and excellent music will be furnished for dancing following the program.

Tre committee consists of Mr. C. Beiche, chairman, Mr. McLennon, Mr. Hunt. All Rebekahs and Odd Fellows invited.

THEODORE BELL DEMOCRATIC CANDIDATE

Supreme Court Decides Against Rolph And Heney In Governorship Fight

The hopes of Mayor James Rolph and Francis J. Heney for a place on the Democratic ballot as the gubernatorial nominee in November were blasted yesterday by a decision of the State Supreme Court, which upheld the constitutionality of the primary law. The decision was written by Chief Justice Frank M. Angellotti and concurred in by the other members of the court. It covers ten typewritten pages and recites that the petitions for writs of mandate asked against Frank C. Jordan by Frank N. Rogers and Francis J. Heney are refused and the proceedings dismissed.

Rogers was a candidate for Assembly in the Thirty-second District. His case was left to be identical with that of the Rolph and dummy action was brought in his interest.

This action of the court eliminates both Rolph and Heney from the field at the general election. Theodore A. Bell, who began the circulation of petitions for approximately 11,000 signatures of persons who did not vote at the primary, is thus left as the only formidable candidate to oppose Governor William D. Stephens. He must secure the required number of names and file in good order with the secretary of state before October 1.

Bell will make an immediate effort to secure the endorsement of the new Democratic State Central Committee, which meets in San Francisco Friday afternoon. He is also seeking help from members of the national administration in Washington. Although now running as an independent candidate, his political activities have heretofore been restricted to the Democratic party.

Statement of Men.

Mayor Rolph declined to make any statement regarding the ruling of the supreme court, yesterday, until he could have time to read it all carefully. Francis Heney in Los Angeles expressed himself in similar strain. The statement of Theodore Bell follows:

The decision is exactly what I anticipated. I am in the fight now to stay till the finish. Everybody knows me to be a liberal in politics and public policies. I have made no attempt to conceal this fact and the basis of my campaign will be a broad, liberal platform. My petitions are now being circulated as rapidly as possible and this decision is certain to stimulate the citizens who are behind me. I expect that the required number of signatures will be secured within two or three days.

Bell or Stephens.

There is no doubt but what Bell will get his petition on in by the time allowed, and this will make him the Democratic nominee, although nominally he will be an independent candidate. Bell made fairly good races before in this state and there is no good reason why he should not give Governor Stephens the run of his life.

Every logical political conclusion now points to the probability of both Rolph and Heney getting square behind Bell in his fight against Stephens, and if they do that it will be the most interesting gubnatorial race witnessed in California in many years. Senator Phelan will doubtless get in line for Bell, also, under the existing circumstances, and that an endorsement of his candidacy will be forthcoming from President Wilson in due time is more than likely.

Altogether, it is not a bad bet that Bell will beat Stephens.

PUT THIS IN YOUR PIPE AND SMOKE IT IT'S A GREAT TRUTH

The city dweller is a spiritual highwayman.

He slugs his soul with the gaspipe of materialism.

He would rather have $1 in his pocket than ten joys in his heart.

He must be cleaned up or cleaned out.

Rev. Frank M. Silsley, pastor of the First Presbyterian church of Oakland, has just concluded a diagnosis of the city man's sins. He's found some new roots for the Ancient Tree. Not idleness, but greed and self-indulgence, are the grimy fibers out of which the modern forbidden apple springs.

And the city man must cease his wicked nibbling as a war measure. For soul conservation is more important than food conservation if America is to win the war.

"And we can't allow the serpent's fang to poison the soldier's character," said Dr. Silsley. "There are to many snakes in our pleasure gardens.

"Jerusalem was a wide open town. It is vanished. Our cities are wide open. They must either close up or waste up.

"The spiritual slacker is more dangerous than the military slacker. He strikes in the dark. This is not a war for commerce, but for ideals. But if we bow down to Mammon in our towns, we can not expect to exalt principles on our battlefields."

COUNTY FAIR AND FETE PLANNED FOR CONCORD

As the Farm Bureau Fair is to be held at Concord on Discovery Day, October 12th, and as this date has just been set aside by special proclamation of the President as Liberty Day, it has been decided by the committees of the Farm Bureau and Concord Chamber of Commerce to combine with the Farm Bureau Fair, and big Liberty Loan celebration. Arrangements will be made at once for the best speakers obtainable on the Liberty Loan and a Liberty Loan parade will be held in Concord on the day of the fair. Efforts will also be made to arrange for a visit from some of the aviators of the Mather Aviation School, which will add to the interest of the occasion.

PREBLES ARE DIVORCED

In the case of Emma Preble against E. A. Preble, a divorce was granted Monday by Judge A. B. Mckenzie. Failure to provide was the grounds of the action

Colonel Preble is well known in Richmond, where the family lived for years before moving to Monterey. He was also, we believe, divorced by his first wife. The Colonel is much like a famous Mark Twain character—always millions in it, but mostly in theory or hot air instead of work.

M. DASCALAKAS, CAFE MAN, SAYS IT IS NOT HIM

The News was favored last evening with a call from Mr. M. Dascalakas. Mr. Dascalakas keeps the F'berty Cafe and Grill, which used to be the Portola Cafe. Between pleasant calls being made by politicians, saloon keepers, cafe men, and food jugglers, the News has quite a calling list, and has more fun than a box of monkeys. Sort of continual round of pleasure.

Mr. Dascalakas seemed to be a rather nice sort of chap, and we were glad to have a chat with him, as all this paper wants is what is right, and nothing that is not right. He explained that he did not approve of men drinking to excess in cafes, or anywhere else, and did what he could to prevent it, but that it was very hard to regulate, sometimes, as such parties go from one place to another, and that sometimes the noise they make in one place may be caused by liquor they have got at another.

This is true, to some extent, but if the saloon men and cafe proprietors will make stringent rules about such things, and live up to them, they can do away with a lot of the objectional features. Catering to the boozy and rowdy class drives away the better class, and the caterer is loser in the long run. Decency and respectability always pays best, no matter what business one may be in.

Fruit Market Man Says Tomatoes Cost $2.50

One of the large fruit and vegetable dealers here takes umbrage at what the News had to say about fruit and vegetable prices in Richmond—naturally enough—and says he pays $2.50 a box for the tomatoes.

Then he pays too —— much, and don't know his business. We can buy a train load of just such tomatoes, wihtin five miles of this town, all picked, sorted and packed into 50-pound boxes, for $1 a box, and if anybody can buy them at $1 a box, what business has he selling them to the Richmond public at $3 a box? Why don't he get out in the country once in a while and look around, and find out what is going on in this world? If he allows some commission pirate to gouge him to the tune of $2.50 a box for tomatoes, he needs a guardian.

This man claims that the commission men go all over the country and contract all the fruit and vegetables in advance. This may be true in some sections, but it is not true around here, nor in this county. Vegetable peddlers come in here every day or two and sell [illegible] can be bought here in the markets.

In Oakland the city put in a free market, where the producer comes in on certain days and sells direct to the consumer, thus not only doing away with the middle man but the retailer, also.

Argue all you wish, the fact remains, that the difference between $1 to the producer and $3 from the consumer, is nothing short of profiteering and robbery. The federal state and local authorities should all sit up and take notice of this, or else stop shooting off their official mouths about stopping profiteering.

Oil And Gas Workers Meeting Tonight

A meeting will be called of the Oil and Gas Workers' Union this evening at 8 o'clock in the Labor Temple hall at Third and Macdonald avenue. W. J. Yarrow, chairman of the state executive committee will be present and many members of the union from Rodeo and Martinez. Mr. Yarrow will make an important business talk and it is necessary that as many as possible turn out to this meeting.

From here Yarrow will go to Rodeo and speak there Thursday evening and at Martinez Friday evening.

MACCABEE WHIST TONIGHT

The W. B. A. of Maccabees will give a whist party this evening at the home of Miss Rabbie Gibson, 413 Tenth street. Six fine prizes which will be well worth trying for have been secured. The public is invited to attend and a good social evening is assured by the committee in charge.

Those on the committee are Mesdames Minnie L. Stoddard, Carrie Hallenbaugh, Margaret Gately, Anna Smiley, Kate McVicker.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California.

CONSERVE ELECTRICITY

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

The Editor Says

Of course, we have one continuous round of pleasure, with the booze sellers, dive keepers, prostitution panderers and like professionalisms, but are getting enured to it, many years in tough countries having made us bullet-proof and case-hardened. Those guys lay all sorts of traps for anyone who opposes them, also, and one has to keep an eye peeled for pitfalls all the time. There is another class, higher up that profits indirectly from these dregs of civilization, and they make secret warfare against those who fight for the right, too. But, back of it all, the rank and file of the people can generally be depended upon to pick out the grain from the chaff, and it will all come out in the wash.

Constant evidence accumulates every few days that the News is making friends with the masses of the people, and is gaining the respect and confidence of the public generally. Hardly a day passes but what people drop into the office and subscribe for the paper, and make just such remarks. This is more pleasing to the editor and manager than money, and we believe, furthermore, that in due course of time, if a man or a newspaper proves all right otherwise the money part of it will take care of itself.

Glad to note that the State Council of Defense is doing away with a lot of alleged war charities which were ten per cent war charity and ninty per cent graft. Such lice on the tail of the body politics ought to be driven into the gumbo forked end up.

The trouble with picnics is that the bugs and ants eat up most of the lunch.

When kaiser Bill gets to hell he is going to have an awful row with the devil as to which is going to rule the roost.

What's the matter with Antioch? That town seems to be getting in bad. A murder there a few days ago in a saloon and brothel did not cause a ripple of comment, hardly, and the local authorities treated it as though it was nothing out of the ordinary, which maybe it ain't. And now the Ledger says out of a thousand women there, only about twenty-five can be got to work in the Red Cross units, sewing, etc. Moral sentiment would seem to be at a low ebb at Antioch; also civic pride.

We are getting sick and disgusted with the "bull" constantly being put over by greddygut profiteers in using war patriotism to boost their own games. One's mails are full of it; the papers, magazines and billboards are full of it; everywhere the eye turns it appears. "Buy Smith-Jones Chewing Gum and thus help win the war! Price six-bits a chew. Before the war two for a nickle. Show your PATRIOTISM!" Bah!

At first the fellows who were hit with the income tax hollered as loud as though hit with an axe but now they seem to be sort of getting used to it, and about half way willing to give up.

Fall is lingering in the lap of summer. Seems like a long while since anything lingered in our lap. And Rugg, the head pirate of the Martinez Gazette, says we can't "come back." Hi, ho!

The most marvelous piece of work, says a scientist, is the human face. Judging by some of the Hindus, Japs and hinks around here, it surely is.

When President Wilson says "Politics is adjourned" we know he hasn't been in California this summer.

General Damme, the Belgian commander, is said to feel just that way about it.

Both Martinez dailies have ensmalled to five columns. Most newspapers are too big, anyhow, and padded out with a lot of junk that might just as well be dumped.

Remember the clothing drive for the Belgians that is now on. Dig up a suit or dress or something of the sort that you can spare Every little helps.

The Fourth Liberty Loan drive is to start in with a parade, and whoop and a blare of trumpets. Forget that $50 bond business this time, and sign up for a hundred. It is just about as easy, is a good investment, and it must be done.
